4. Alden (NS partner)
5. Crawford (NS Partner)
6. Whitehall (NS partner)
7. Glenview Terrace (NS Partner)
8. ManorCare (NS Partner)
9. Rosecrance
10. DuPage County Health Department

- ILHIE achieves HISP to HISP connectivity through DirectTrust.org

- <u>DirectTrust Trust Bundle</u> – A collection of trust anchors with high-level digital certificates

  - Trust is established through a strict vetting process for every organization - Trust Bundle aligns trust between HISPs

  - HISPs that are DirectTrust accredited or in candidate status for accreditation can utilize the Trust Bundle for achieving connectivity

  - When the Trust Bundle trust anchors are properly in place for both HISPs, connectivity is automatic

    - No specific agreement between HISPs is needed

- By way of DirectTrust.org, ILHIE has established trusted HISP to HISP connections with other vendors and HIEs

- <u>HISP Vendors with Confirmed Connectivity to ILHIE:</u>
  - Cerner, ICA, MaxMD, Surescripts
  - Close to connectivity with Secure Exchange Solutions, Medallies, and Medicity

- <u>HIEs/HISPs Actively Exchanging with ILHIE Direct: Users</u>
  - Central Illinois HIE (ICA), Tri-Rivers Health Partners (MaxMD), Northwestern Memorial (Cerner), Missouri Direct (Cerner and Inpriva)
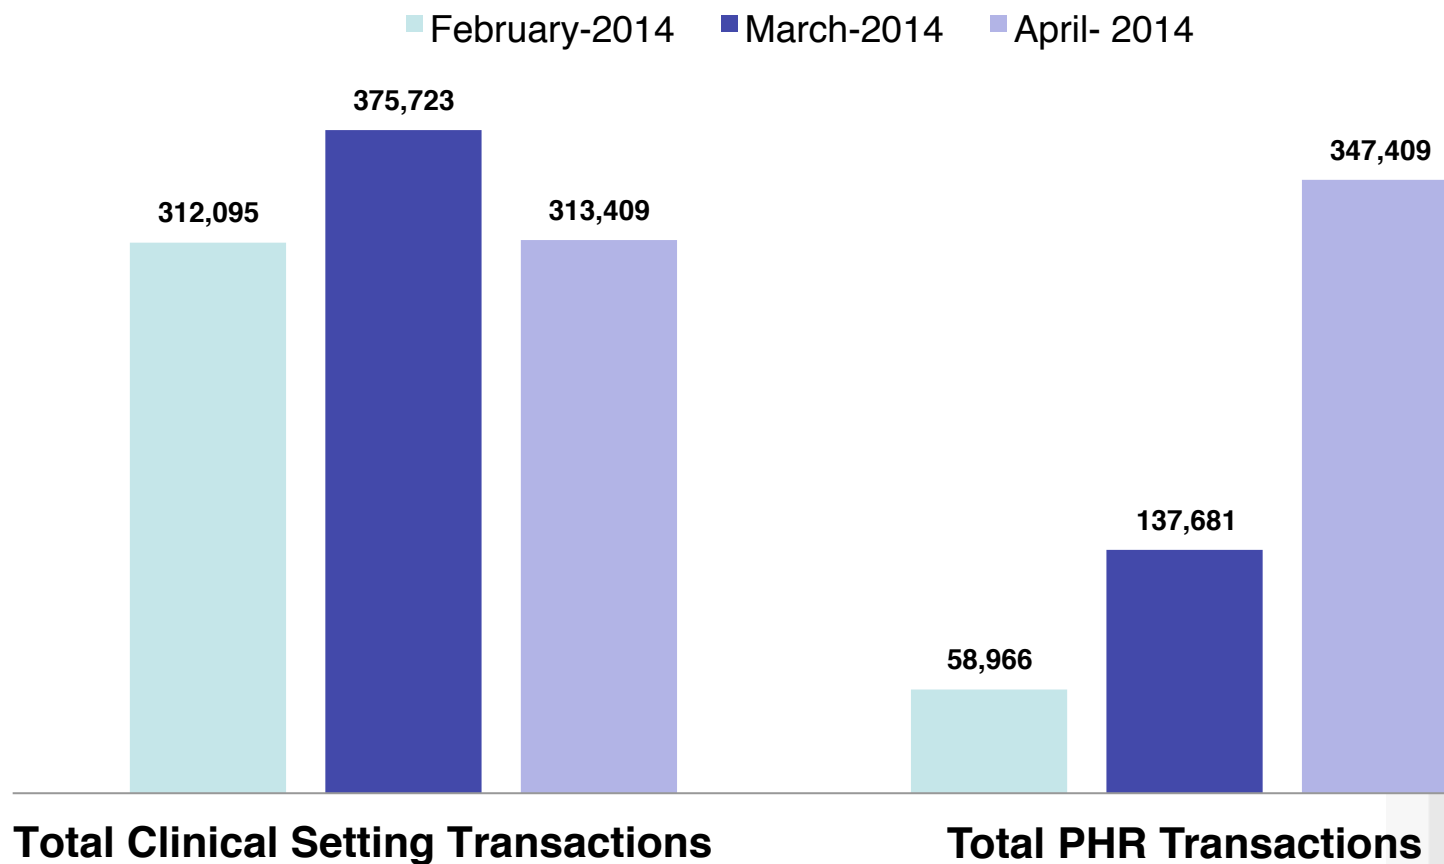

Public Health Reporting Connections - May 2014

Signed Conduit Agreements — 83
